

- **CHCMI**

The main objective of this programme is to build awareness among common people about Promotive & Preventive health care & make people aware about the fact which is also the motto of the programme “*Community’s health in Community’s Hands*”. The Programme is an amalgamated service of the Department of Health & Family Welfare & the Social Welfare Department (ICDS) guided by P.R.I. bodies. The programme aims at involving members of the Panchayati Raj Institute at the Zilla Parishad level, Panchayat Samity level & Gram Panchayat level in day-to-day health care system. The programme mainly aims at ‘mother and child health’ and its betterment in future in the rural areas. The success of the programme lies in proper coordination among the various service providers, Panchayati Raj Institutions and community member.

Purba Medinipur Zilla Parishad arranges monthly review meeting on 5th working day at Zilla Parishad and 2nd Wednesday meeting at Panchayat Samity.
